

*Accelerant 2011
Testimonies
January 30th, 2011
Sunday morning service*

1. Lady called into ministry & last night in motel the youth group was changed and her life was changed.
2. Young man re-dedicated & not turning back "this time it is REAL"!
3. Set free of an addiction – rededicated his life.
4. Saved 1 year and filled with Holy Ghost.
5. Mother told a young girl on phone that she was proud of her and loved her for the first time.
6. Young girl has been renewed (mycrodrial disease - fatal); prayed for her healing.
7. Twenty years ago – was called by God and here at Accelerant; didn't answer the call, came this weekend filling a spot for someone else; feels like God has given her a second change. Call out to people not to miss the call of God by following self.
8. Vision attacked; vision became blurry to the point of wearing glasses – Prayed for last night, can see clearly; received an awakening to change his generation this year!
9. Last night back at the motel felt the spirit of depression heavier than ever before – but woke up with the joy of the Lord. Healed from pain in ears & healed from headaches and sinus.
10. In depression for past year; saved Wednesday (Friendship World Outreach); set free from depression this weekend.
11. Nicotine, pornography, anger (free from the addiction) & called to be a missionary.
12. PTSD & degenerative disk disease in spine; Vietnam vet – heart feels free, anger gone and pain is completely gone in neck. Had doubts about coming but received healing & freedom.
13. Set free (completely) from alcohol addition.
14. Week before attending the devil attacked more than ever. Attacked sight & mind but received Baptism of Holy Ghost. When

I got back to motel had huge headache. Had nightmare of going to hell. Prayed for & was set free.

15. Battling addiction of smoking – feel that she has been set free.
16. Young guy (smoking), alcohol and pornography, but last night found himself laughing for hours & feeling better than ever before.
17. Young boy set free from demon – testified that God is the ultimate high.
18. Girl raped @ 6 years of age; battling depression, multiple suicide attempts; prayed for and received a love for herself & loves God more than anything.
19. Girl healed from deafness in her left ear.

Testimonies Via E-mail

- 20. You don't know me, but I was at accelerant this year and i wanted to tell you that god is doing some very amazing things through you! You carry around the holy spirit everywhere you go, it's truly a blessing. I just wanted to thank you so much for being at accelerant. I've never seen so many people filled with the holy spirit. You've really started a fire in our youth group. I hope our youth group gets to hear you speak again someday, it was just so powerful.**

- 21. Thank u for sacrificing ur time to pray with me. GOD HEALED ME when people said it was impossible. my friend whispered my name from 10 feet away, i had my back turned i didnt even know she was going to do that. I thought that there was someone behind me that's how well i heard it. one of my friends tackled me at the school door this morning, we screamed, cried and praised God. My family was SHOCKED and we all praised GOD GOD IS SOOOOO GOOD!!!!!!! (Sent later): I was listening to the radio this morning with my left ear..I was never able to do that before....THANK YOU JESUS!"**
- 22. I just want to take a minute out of my day and brag on what God has done for the kids in our church. I brought 30 kids to Accelerant this weekend, 30 great kids that are very involved**

in church and love God with all of their heart but desire so much more. When we got back to the hotel from the morning service, Saturday afternoon the kids, not the adults, called a meeting together and read their Bible and prayed to God that the Saturday night service would be so much more, that they would get a touch that they had never experienced before, and that is exactly what they got. Everyone of our kids were filled with the holy ghost Saturday night except two of our girls, two girls that are so close to God and they wanted it so bad. You could feel a new life about the whole group, they were ready to move forward and we were so happy about that but God wasn't finished. Sunday morning we came back to service and our kids once again cried out to God and I really believe they sealed what they had experienced but the devil fought them all the way home. We got back home in time for our regular church service Sunday night but the kids were tired from the long weekend and weren't very lively but I talked to them and they decided they wanted to testify during service in front of the church of what God had done from them and our pastor told me that would be fine, we would have praise and worship and then we could take as much time as we needed. Well lets just say God didn't want us to testify with what we had to say he wanted to show up and SHOW what we had experienced at Accelerant. We didn't even make it through worship before one of the girls that hadn't received the holy ghost in Tennessee began to weep and speak in other tongues. The church exploded! Our youth group prayed for the adults in the church and everyone was speaking in tongues and being filled with the holy ghost. The kids couldn't be contained, they began to run around the church screaming and speaking in tongues. This lasted until midnight and many of the kids had to be carried home and put in their bed still speaking in tongues. I had to drive one of our older kids home and when I left her house she was still standing in her drive way playing music and speaking in tongues. And see some may think well yes that's great but they may not know where our church was. Our church was so divided and I honestly wondered if we were going to make it through this next year. Last year had been so bad for everyone in the church. The devil had planted just a couple of seeds of division in the church and they had grown up and

they were tearing everyone down. I really believe God worked through the kids to heal the brokenness and hurt and I believe our church will be stronger than ever. I just want to thank you for coming and being a willing vessel for God to work through. I long to be filled and as anointed as you are. I pray that God continues to bless you and your family and pours our everywhere you go and on everyone you touch in Jesus name.

23. I am responding to the request for feedback on our Wonderful weekend. The concerts were awesome and got all of us into the Spirit of worship, but the speakers Charles Boyd and Josh Radford were such great leaders into the Holy Spirit that it didn't matter to me if the services ever ended. The worship service Saturday night where we ALL were filled with the Holy Ghost and healing power of God was so moving that when we returned for the Sunday morning service I was looking for more of the same spirit. And that is what I found. Josh Radford started the service talking about the getting the anointing of the Holy Spirit and the Spirit moved within the center once again. There were healing services and prayer services throughout the whole center.

24. The testimonies that Brother Radford asked for was so random and completely moving within all of our group that I was moved to tears and filled with joy. One of our own young men in our group was one that got on the stage and testified of what the Spirit of the Lord has lead him to do. This was soooooo AWESOME for him and we were all so Happy for him. We all will support him in his choice and do all we can through the Spirit of the Lord to help him in his journey. This weekend has helped me to see outside of my box and do more for the Lord. I want to be prepared and lead others to the preparation of the Lords return. Thank you so much for hearing the call of the Lord and obeying His word. You are the vessel that has lead us to want more fire and spirit in our community and schools, Thank you again and we will be back next year for sure. God bless you and keep you.

- 25.** I'm a Youth Pastor who had a group of 13 at Accelerant. I have been praying for God to baptize my youth with the Holy Spirit. 8 were baptized in the Holy Spirit with the evidence of speaking in tongues. Two of these were a couple who had come with me to be chaperones. Their two small elementary school children came with them. Their son was healed of asthma on Sunday morning and their 9 year-old daughter was filled with the joy of the Holy Ghost and uncontrollable laughter. We are so excited about what God has done and is going to do in our church through our youth.
- 26.** I was a chaperone for our AYC youth group. My prayer Friday morning was to see our young people "laid out like logs". Boy did God use your obedience to fulfill that prayer. We had numerous boys & girls totally changed. The girls took it back to the cabin & help an adult get their prayer language back, another youth to break through many bondages, & had boys giving prophetic words. Praise God they are witnessing in school this week.
- 27.** During the Sunday morning service you prayed for a young girl on stage that was deaf in her left ear and she was healed. Well I have know that little girl for about seven years now, and she has been deaf in that ear since birth with nerve damage. She had just recently been to UVA University of Virginia Med. center and was told that there was nothing more that they could do to try and help. But I thank GOD that when people says there is no way HE says there is. GOD is truely Awesome!! Thanks for coming to Accelerant!
- 28.** This was our second year at accelerant and only my second year as a youth leader. We brought 18 youth and all received something from the Lord! 5 of our youth received the baptism in the holy spirit and with FIRE!!!! Including my 15 year old daughter who laid in the floor crying and speaking in tongues for almost an hour!! Praise God for he is worthy!! Thank you Josh for your obedience and I pray that God will continue too bless you and your ministry.

29. I am a youth pastor & this year my wife and I took 9 of our youth to Accelerant. The power of God was real and the Holy Spirit was poured out on a scale that I have never seen before. 4 of our teens were baptized in the Holy Spirit. All were touched and changed in significant ways. Praise God for what He has begun to do!

30. I began attending the Church of Christ when I was four years old. I have always been taught there is no one today that could speak in tongues because there was no one to interpret what you were saying. I however, have always felt that there was more that God had to offer me than what I had experienced so far. In 2002, I decided that it was time for me to find another church because I felt like my family and I were not being spiritually fed anymore where we were attending. So, we began to attend a Christian Church. This church was nice it had great music and fellowship but I still didn't find what I was looking for. It wasn't until 2005 when I went to Mt. Calvary PHC that I felt like I had found my church home. Everyone there welcomed me in and the services were amazing. After a few times visiting I did witness someone speaking in tongues. I was a little uneasy about this so I went to a bible study class at the church and began asking questions. I studied the bible and read all about the gifts of the spirit that the Lord had in store for his people. I have prayed diligently for the last year to receive the gift of the Holy Spirit Baptism. I waited and waited and nothing happened. I felt a little discouraged but realized that it would happen in God's timing and not mine. I also realized that I needed to be a little more committed to my relationship with the Lord. I began to study His word a lot more frequently than I had before and I prayed and prayed. I knew that I was not worthy of such a wonderful gift but I continued to pray to God to receive. Well on Saturday, January 29th at the evening service of Accelerant, the Lord finally saw that I was ready. Josh Radford was the speaker and he came out during praise and worship and just began to call upon the Holy Spirit and people just began to flood the altars. I was there as a chaperone for our Youth Group and so I lined up with some of our kids. I began to pray for His outpouring of the Holy Spirit and we all began to pray for each other. I felt a peace come over me like I had never experienced before, at that moment I was slain by the Spirit and began speaking in tongues. I knew that God had control of me and I was so happy. After I got up I began praying over all of our kids with some of the other adults and each of them in our youth group received the Holy Spirit Baptism. It was truly a movement by God that I had never seen before nor could I explain it. God is so good and I consider myself blessed to be one of his children and a recipient of his gifts.

31. I go to Frankling Springs PH Church. I came to this church >about a year in a hlaf ago because my friend invited me. I didnt believe >in God. Well i did, but i didnt have good terms with him.. I didnt like him. He took two of my friends in two different car accidents. One in May 09 and another in Oct. 09.. and then in Nov. 09 my parents separated.. a bad seperation. I blamed God for every bit of it. After i

started going to this church though, something in me changed. I started loving God. Worshipping him.. more than anyone in the youth group.. i couldnt get enough of him. Right before i went to Accelerant 2011 though, i had some doubts.. but this conference changed my life.. and is changing my youth group.. I was already in love with God.. now i cant contain my love for him. Since we have returned home, i have seen a big change in my youth group. Starting first with me, then my friend, and then my Youth Pastor, and now with another girl in my group. Tonight she told me she felt distant from God and i talked to her for a long time and now she wants to get right with God. Not only am i seeing a change in me and my youth group.. my dad and i have an awful relationship.. i haven't seen him since Christmas eve but i have talked to him on the phone almost every day since I called him after I was touched at Accelerant and he told me he wanted to be in my life.. I don't know who's reading this and i dont know if this means anything at all to you but it means so much to me. I just wanted to tell some one that God is doing so much work in my life and in so many others. I havent stopped praising him since i left Accelerant and i dont plan on stopping. I cant wait to see what else God has in store for me and for everyone else.

32. I was born without an auditory nerve in my left ear. My parent's took me to specialist after specialist and they told me that it was a birth defect and that i had ABSOLUTELY NO hearing in that ear so getting a hearing aid was pretty much pointless. Mom also took me to UVA, they tested my hearing, and told me that I would NEVER hear out of that ear so I needed to forget about it and accept it. I never could. About a week before Accelerant me and my parents talked about a possible procedure I could have done. But after talking it over we decided that i would be running a major risk of losing the hearing I did have. So when we went to Accelerant I wasn't expecting anything to happen....That Sunday God healed my left ear. That was the last thing I ever expected..I called my parent's and they were SHOCKED! Then at school i was going into the cafeteria and i heard someone whisper my name. It sounded like they were standing right behind me! so I turned around and there was Brooke standing about 10 ft away giving me a thumbs up. GOD IS SOO GOOD!! I have learned that when people say "its impossible" God says " no it isn't impossible trust me and I will heal you" THANK YOU JESUS!!!!!! (:

33.
